
Parenting Manual

Don't you wish there was a manual you could read to prepare you for parenting :)?

First time parenting can be daunting, and the feeling of responsibility overwhelming. This is no reason to panic or believe that you won't be successful.

Everyone will give you advise or tell you the best way to raise a child, but at the end of the day you are the parent, every child is different, you know your child better than anyone, trust your instincts.

God made you the parent of your new baby because you are the best person for the job, it is not a mistake!

What a wonderful word its true
no one knows how sure they are
in raising a baby but the most
important thing is that you know
your baby well than others do
parenting is one of the most
beautiful thing that god has given us.
